The Missouri Red Angus Association

Bull Test Discussion:

- Poor Communication between consignors and test facility
- Not all info. that was communicated in the bull test letter was available at the sale
- Would like for bull info to be in catalog, not handed out last minute at the sale
- Back up test dates if necessary, to be able to accomplish everything
- \$200 to be sent to MORAA at consigning to keep better track of who is actually participating in test (TBD for fall entries)
- Board Member should be present at weighing, so that we can communicate updates - should alleviate communication issues between Dwight / MORAA / consignors

Junior Consignment of Bulls Separate from Bull Test Discussion

- add a requirement - bulls have to have proof of being shown 2-3 times at recognized shows (i.e. Ozark Empire, Missouri State Fair, Tulsa, County show, must have proof)
- 1 bull per junior limit
- Gregg to discuss with Juniors, and will present at next Board meeting.

Mark closed the meeting.
