WE ARE POISED FOR GREAT GROWTH!

The state of the beef cattle business in Missouri is very healthy and enjoying some unprecedented growth. Here's some key statistics about our position as a State for 2018:

- Missouri is ranked #2 with 2.166 Million head of beef cows;
- Missouri is ranked #2 with 53,401 cow-calf operations;
- Missouri is ranked #6 for cow-calf inventory;
- Missouri is ranked #9 for cattle sales at 1.869 Million;
- Missouri is ranked #10 for cash receipts of \$1.916 Billion; and
- Missouri ranked #1 for the last 5-year beef cow herd expansion with a 26.2% increase!

THE MISSOURI RED ANGUS ASSOCIATION PLAN 2018-2019

The Missouri Red Angus Association exists to promote the Red Angus breed and to foster cooperation and communication amongst Red Angus breeders and commercial producers in our state.

To accomplish this mission, the Missouri Red Angus Association members strive to:

- Breed cattle with those characteristics that make them valuable in purebred & commercial operations;
- Work together to promote and market Red Angus genetics;
- Welcome all breeders, of any size, to join our organization; and
- Continue effective communication amongst all members regarding association events.

We can continue to transition the orientation of the Missouri Red Angus Association into a marketing powerhouse, providing value to it's members by helping to increase the demand for our Red Angus genetics. We will continue to take the fantastic maternal cow and increase the sales of Red Angus bulls to our large commercial-customer base to take advantage of this great growth in Missouri.

All the best,

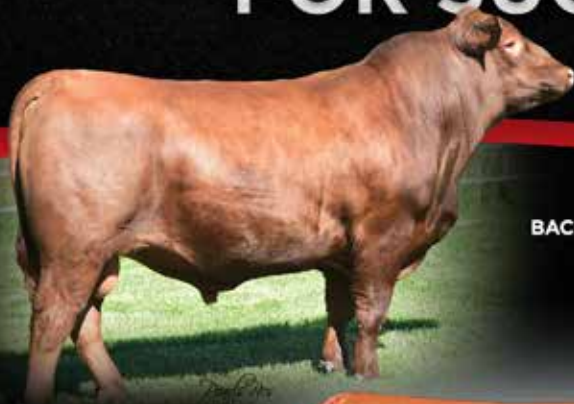

Scott Bachman - President
Missouri Red Angus Association

FEEDER CALF CERTIFICATION PROGRAM (FCCP)

The FCCP “Yellow Tag” is recognized as the symbol of guaranteed “Angus” genetics & a trusted source for both feeders & packers filling “Angus” product lines.

Qualifications:

- Traceability to at Least 50% Red Angus bloodlines
- Group Age Verified
- Source Verified to the Ranch of Origin
- Source Verification for the Bovine Export Verification Program for China

FCCP Sales Dates:

October 27, 2018 - Fort Scott, KS

PREMIUM RED BALDY PROGRAM

Premium Red Baldy females will rise to the challenges of producing more beef sustainably & profitably, without sacrificing quality. The Premium Red Baldy program has the ideal balance of maternal & carcass traits, which will yield cattle poised to increase the profitability of the commercial producer.

Qualifications:

- Heifer Only Program
- Females must be sired by bulls in the top 50% of the breed for Baldy Maternal Index (BMI\$) or Herdbuilder Index (HB).
- Targeted breed percentages will range from 25%-75% for both breeds, with the balance being the alternate breed.
- Females must be red-bodied with either bald or brockle face.

For more FCCP & Premium Red Baldy details visit redangus.org

MISSOURI RED ANGUS ASSOCIATION REGIONS

The map above outlines the regions of our state so you can locate the general area where a producer is located based on the region listed with their contact information.

CCR **FUSION** 746E

J.R. Richburg

CCR Fusion 746E was the standout \$30,000 high selling Red Angus bull at the 2018 Cow Camp Ranch Sale. Explosive real world performance with the body and structure to make cattle that are truly versatile breeding pieces.

Semen available this fall at \$50/unit.

High Performance, Low Input Cattle

The kind that build profit into your program!

Annual Bull & Female Sale

March 23, 2019

Maternal Strength!

Profit begins with reproduction and maternal strength. Females that stay in the herd reduce replacement rates and you have more heifers to sell. At Maplewood Acres Farm we've built our herd around breeding females that excel in maternal strength. If you're looking for replacement females that offer high performance from a fescue environment, give us a call. We also have fall yearling herdsires for sale private treaty.

Our program features the influence of
